

ACCA Strategic Business Leader (SBL)

Get ready for your ACCA exam with PwC's Academy

The Master Class Videos consists of 4 recorded sessions with PwC's Academy expert tutor who will help you to build your exam technique and confidence step-by-step.

You will learn how it works on two solved case studies and then apply the same approach to all other topics.

Video #1 - SBL Roadmap - key topics in SBL

SBL Roadmap Master Class introduces key areas of SBL syllabus in a systematic manner. It starts from the big picture and shows the top-down route to detail of individual topics. You will learn how to approach your preparation with the aim of applying the knowledge in solving practical tasks.

Video #2 - SBL Case Study - structure and exam technique

This Master Class session introduces the techniques that help maximize the marks gained in the SBL exam. You will learn how to approach the exam in an efficient manner: plan and control your time, understand the requirements, respond to them using appropriate tools and demonstrate professional skills.

Videos #3 and 4 - Two case studies solved step-by-step

You will apply the exam techniques learned in the previous sessions to solve practical case studies.
