

## EU Grant Funding for "Energy efficiency and use of energy from renewable sources in enterprises"

**Grant amount:** up to BGN 100 thousand under the "de minimis" funding regime, which can represent up to 65% of the eligible project costs.

**Who can apply:** micro, small and medium-sized enterprises (up to 250 people, including affiliated companies); registered before December 31, 2021; with net sales revenue for 2023 above the relevant thresholds.

### Eligible activities and costs:

Activities aimed at improving energy efficiency and using energy from renewable sources in enterprises.

They may include **one or more** of the assets/equipment/facilities with pre-determined technical parameters according to a list, including their prices, based on an approved methodology:

- Biomass boilers;
- Heat pumps;
- Solar systems for hot water and domestic hot water supply;
- Systems for the recovery of waste heat/cold generated in the production of compressed air or cold production;
- Recuperative units for heating, ventilation and cooling;
- Chillers;

- Air handling units with highly efficient heat/cold/humidity regeneration or recovery;
- Energy-efficient air coolers;
- Compressed air compressors, incl. compressed air tanks;
- Centralized control of compressed air systems;
- Compressed air dryers;
- Energy-efficient insulation systems in buildings;
- Energy-saving lighting;
- Photovoltaic panels;
- Inverters;
- Local energy storage facilities (batteries);
- Photovoltaic power plant (including solar panels, inverters, batteries and other components necessary for the plant to function).

### Requirements:

Investments in energy-producing systems are eligible for financing under the procedure, provided that the energy produced by them is solely for **own consumption**.

Construction and renovation of buildings - for the installation of insulation systems and Photovoltaic power plants can only be carried out on a building/property that is owned by the applicant company or that the applicant company has a long-term lease/use document.

**Duration of project implementation:** should not exceed 12 months.

**Deadline for submission of project proposals:** to be announced.

*The information presented is based on a version for public discussion of the procedure and changes may occur at the date of official announcement.*
